

## PITTSBURGH GRAFT SCANDALS GROW

### Nine More Council Men Confess to Being Bribed—Klein's Price For Confession.

Pittsburg, Pa., Mar. 25.—The grand jury today returned a bill of indictment against the whole day adjourned until tomorrow morning without making public any of the bills which they have found. There is no reason to suppose that the grand jury has fallen off 30 per cent in the last four days, owing to the growth of the graft epidemic.

The grand jury council men came into court this morning and admitted that they too had taken money for their services in the council. This marks a total of twenty-five persons who have confessed to having been bribed.

President Tate is to be appealed to in order that Councilman John Kiehl may not be confined in the county penitentiary at all, or if he is sent there, that he be released in a very short time. This promise is valued at \$25,000. The voters League of Pittsburg, was this price exacted by the convicted councilman, who he would confess to have taken this money from the public treasury.

caused a great sensation. It also came out that Klein had demanded of others the sum of \$100,000 as the price of his silence, that this money be paid his wife in cash that she might invest it while he was in prison and be pro-

Klein is a nervous wreck. Today he received three more letters threatening him with bodily harm if he was ever caught on the streets of Pittsburgh. Two of the letters threatened

death in horrible form, "when caught," and the little hoodler bellowed out words that said that a third detective be detailed as his personal guard, which was done.

The feeling of unrest is such now in the District of Columbia. Assistant District Attorney Raymond, Detective Robert Wilson and Attorney Alsop Well, of the Voters League, all prominent in the prosecutions, have asked for more furnished body guards.

**AFTER WESTERN ELEVATORS.**

Trade Department Investigating the Charges of Fraudulent Scales.

Ottawa, Mar. 24.—F. C. T. O'Hara, deputy minister of trade and commerce, when questioned today in re-

**AFTER WESTERN ELEVATORS.**

**Trade Department Investigating the Charges of Fraudulent Returns.**  
Ottawa, Mar. 24—F. C. T. O'Hara, deputy minister of trade and commerce, when questioned today in re-

and to reports which have been sent from the West to the effect that prosecutions are about to be instituted by the department against owners and operators of western elevators on charges of making fraudulent returns as to the grading of grain, admitted that an investigation had been in progress. He was not at liberty to say, however, as to what has been ascertained as to the truth of the charges.

The statement is made that grain being mixed in certain elevators in a manner entirely contrary to the pro-

sions of the grain act, for the evasion of which heavy penalties are provided. Superior and inferior grades have been blended in such a way that

tions of the grain act, for the evasion of which heavy penalties are provided. Superior and inferior grades are blended in such a way that heat when exported to foreign countries is down to the minimum of its class. A serious result of this practice is that the market price of the grain is considerably affected.

It is stated that the railway companies are in no way affected. The inquiry, in so far as it has been carried out, has been confined to an in-

**SYMPATHETIC STRIKE IS OFF.**

**Philadelphia Textile Workers Return to Their Work.**

Philadelphia, Pa., Mar. 23.—Thirty-five thousand textile workers who struck in sympathy with the trolley men returned to work today in the Kensington district. Practically all the mills started up, and it is expected that other unions still on strike will follow the notice of the textile workers.

At a mass meeting this afternoon, the stand of their leaders in refusing to accept the proposition made last

by the Rapid Transit company through Mayor Heyburn was endorsed by the strikers, and it was voted not to return to work until the company agrees to give the men back their old wages, thereby preserving their rights of seniority.

**No State Wide Strike.**

Wilkes-Barre, Pa., Mar. 23.—It was decided at the meeting of executive

...nunc of the state federation of labor  
his afternoon not to call a state wide  
strike in Pennsylvania in sympathy  
with the striking street car men of  
Philadelphia. This action was due to  
the fact that the textile and other  
workers of Philadelphia today called  
for their sympathy strike and also to  
the fact that the votes taken by many  
unions throughout the state show  
that a majority of the men are opposed  
to a general strike.

**Certificates of Origin.**  
Paris, Mar. 22.—The Canadian section of the British Chamber of Commerce is taking up with the French government the question of certificates of origin required on goods imported from Canada.

## STRATHCONA NEWS

**LOCALS.**  
A number of Strathcona young people who are teaching in the country districts, are expected home today to spend the Easter holidays with their parents and friends in the city.

A concert for the ladies of Knox Presbyterian church was given yesterday afternoon at the home of Mrs. J. M. Miller. A large number of members of the congregation were in attendance. Mrs. Clark and Miss Clark, who have been visiting Mr. and Mrs. A. M. Fuller for some time, have just returned to their home in Nova Scotia.

Mr. Campbell, who is to be appointed assistant to the secretary-treasurer in Strathcona was formerly in the employ of P. Burns & Co. Later he removed to Calgary where he was manager of a lumber company.

Miss Mary Doole is laid up with a severe attack of tonsillitis.

Mrs. W. B. George who has been ill for some time is rapidly recovering.

J. Douglas, M.P., expects to leave on next Monday or Tuesday on return to Ottawa.

The Strathcona school closed today for the Easter holidays. The University classes closed yesterday afternoon. Both will resume on Tuesday.

The ban in connection with the Ladies' Aid of All Saints' church will take place on next Wednesday and Thursday.

H. Wilson has been confined to his home for a few days by a severe attack of the grip.

The usual Good Friday service will be held in All Saints' church at twelve o'clock tomorrow. There will also be special services on Sunday.

Several days ago two boys on Ivy street in the Anderson subdivision were said to J. J. Schultz by D. Cameron for \$200.

A meeting of the W.C.T.U. will be held in Friday afternoon at the home of Mrs. H. Nelson.

The Winnipeg Citadel Salvation Army band gave a concert yesterday afternoon in the Baptist church, Strathcona. There was a large attendance of listeners.

Farmers coming into Strathcona during the past few days report that the roads are drying up in an exceptionally fast manner. The absence of frost in the ground is highly accountable for this.

The city engineer with Aid, Gordon, chairman of the water and sewer committee, and Sanitary Engineer direct of the provincial government paid a visit to the grounds at the east of the power house several days ago and selected a spot for the live earth plant where experiments are to be made for the disposal of sewage. The construction of this plant is to be commenced in the course of a few weeks.

Premier Rutherford has gone to Calgary in connection with the Educational convention which opens there next Tuesday.

The ice on the river is rapidly breaking up and with mild weather conditions for a few days more it is expected that Walker's ferry will be in operation.

The C.P.R. authorities, at the recommendation of A. E. Prester, the district passenger agent, have decided to experiment with a tri-weekly night train between Calgary and Strathcona on or

about June 1. It will be a thirty-day experiment. The train will make the run in about 7 1/2 hours, leaving Calgary about midnight. The company is putting on this new service for the convenience of the passengers. It will be known as a flag train, only stopping when flagged. With ten steadily at work excavating the basement for the new Alberta college situated on the university grounds about 500 feet south of the site building of the university the present indications for the concrete workers is a very few days. The work on the excavation with men and scraper will be finished to-day. Everything is in readiness to rush the construction of the building to completion. Teams are at present occupied with hauling gravel for the foundation. The required number of bricks have been placed on the ground and the concrete part of the building said. Telephone connections are being arranged with an office on the grounds, which will facilitate the building operations.

Somewhere out in the southwest it is said that Canadian Northern surveyors are again in the field making another trial run on the proposed branch from this city to Calgary in response to the agitation recently made by the local farmers. The settlement of the many districts concerned, and James M. Doole, M.P., in the endeavor to have the road built at a distance further west from the C. & N. E. a rumor has been in circulation in the city for some time to the effect that surveyors were engaged in the work and confirmation was brought back from Ottawa by Mr. Douglas. Mr. Douglas said he at one time feared the company intended to withhold building on the proposed line when such strenuous objection was raised to the route as ultimately in the first trial run, but they ultimately decided to have their engineers make another survey before the House took the matter over from the railway committee, and he was unable to say what kind of report the surveyors will send it. It appears that the dispatch from Ottawa after his trip was taken up some weeks ago.

It is to be noted that the Government engineers were ordered to make a survey of the route was erroneous as the engineers designated are company employees. Mr. Douglas said he had a talk with Mr. Mans shortly before leaving Ottawa and the official said action in the matter of diverging the line will depend upon the engineers' report. He further stated that construction would probably start as soon as the bonds for the road can be disposed of financially.

**STEEL FOR B. C. RAILWAYS**  
Construction Will Be Rushed on Two Main Lines.

Victoria, B. C., Mar. 23.—Steel for the Victoria, Columbia and the Portland Canal short lines, Mr. D. B. Mann's projects, has already been brought in on its way to Stewart, it being the intention to rush this material in on its way to Stewart, as well as the smaller warehouses and dwellings which are needed. These and other projects involve the expenditure of several millions of money.

It is also stated that the department of the inland and most progressive industrial centres in all the Canadian west.

## THE THOMPSON ROUTE.

Kamloops Claims it is Preferable to Ashcroft Route.

Kamloops, Mar. 24.—Kamloops, as well as Ashcroft, is making a bid for the traffic that has expected to arise from the great rush to the northern interior this summer. "Very few people realize," says the local Standard, "that after navigation opens a very much shorter route to Fort George is offered by the North Thompson river and the old Bridge Creek trail than is offered by the Ashcroft route, or that 25 miles of road building would compare with a wagon road from Kamloops to Soda Creek. This 25 miles will eventually be built. Road Superintendent White having already received instructions to investigate the route. River crossings, now on the North Thompson, can go without difficulty to Little Fort, where the 25 miles between that point and Macdonald ranch would commence. From Macdonald ranch via Bridge creek to the 177-mile house, a distance of 32 miles, the trail is passable for wagons and very little work will make a good road of it. By the North Thompson route the traveler has 60 miles of deeper and 37 miles of teaming to take the place of 100 miles of straight teaming.

As the route to Fort George and Nechaco country during the present winter will number thousands, some effort should be made by the people of Kamloops to have this road completed at once, so that when navigation opens it will be ready for business.

## HORSE BREEDERS MEET.

Saskatchewan Association Decides to Eliminate Female Classes From Winter Fair.

Regina, Sask., Mar. 23.—The annual meeting of the Saskatchewan Horse Breeders association was held today. After the usual formalities a resolution was proposed by B. M. Brodt and seconded by W. H. Bryon that all female classes be eliminated from the winter fair and only stallions and colts be shown. The resolution was warmly discussed and was opposed to Robert Simon, but was carried by a small majority.

On the motion of P. M. Brodt and B. H. Taylor, it was decided to appoint delegates to the fair in Saskatoon.

The election of officers resulted in the election of President Alex Mutch and vice-president W. H. Bryon. It was moved that the old executive committee of Messrs. Simon, Taylor and Traynor be retained, but it was pointed out that the officers were all Canadian.

Messrs. W. Apper and H. O. Hutchinson were nominated in behalf of the Regina Fair. Joseph C. Taylor, to the Saskatchewan Fair, and P. M. Brodt, for Prince Albert and John Dixon for Maple Creek.

## 500 MEN COMING FROM ONE U.S. COUNTRY ALONE

American Visitor to Edmonton Tells of the Unprecedented Immigration to the West During the Present Spring From His Home State of Iowa.

That at least 500 men from one country alone in the state of Iowa will come to Western Canada this spring and many will come to the Edmonton district was the statement of F. B. Creglow, of Rock Rapids, Leon County, Iowa, to the Bulletin this morning.

Mr. Creglow, who is a newspaper man of the republic to the south, is now paying a visit to Edmonton for the first time and is staying with his old friend and fellow-townsmen, M. W. Dickenson, who came to Alberta four years ago and took up land in the Dickenson district.

A brother for Alberta.

Mr. Creglow has already become an enthusiastic booster for Alberta and he will carry back with him to his home the most favorable accounts of the new province lying east of the Rockies. He has visited different sections of Alberta but Edmonton district looked best to him.

"You are getting many of the best people of the United States," he said, "who are forced to leave their farms by the constantly increasing rents that are being charged. The free land of Alberta will continue to attract thousands of our people who will do much to build up the west."

Should Advise at the Fairs.

Mr. Creglow expressed himself strongly in favor of the province advertising largely at the state and county fairs instead of at the higher exhibitions where only the wealthier classes visit.

He heartily endorsed the action of the provincial government along this line and said it would be productive of far more good than a similar amount of money spent at Seattle, Chicago, or other large cities.

**REPUBLICAN LEADERS SQUIRM.**

When Democrat in Congress Tells Them Some Unpleasant Truths.

Washington, D.C., March 22.—The Tait administration has failed to make good the Tait bill representing the broken pledges of the Republican party. Insurgency is in the ascendancy. Roosevelt is coming home and there is great uneasiness.

This was the burden of a taunting speech made in the House today by Representative A. Mitchell Palmer, a Democrat of Pennsylvania, and the Republican leaders squirmed.

Let the Democrats organize the organization in this congress," he said, "that while they have been plotting, poisoning and cracking the party whip in the hope of presenting a united front to the battle before the people this fall, while they have a

been binding fast their coalition with the President, the great insurgent has been coming out of the jungle.

"Do not console yourselves with the rain assurance that in those far-off hunting grounds no increase in Garcia has reached his assumed camp. His party will be more fortunate than his performances deserve if they did not find upon his return that his hitherto effective weapon will be pointed in the air, ready to fall about the heads of those who are responsible for the breach of his party's pledged faith."

**3 CENTS AN HOUR INCREASE.**

Chicago, March 22.—By a decision handed down today by the arbitration board under the Erdman Act, the members of the Switchmen's Union of America, employed on eight roads, will receive an increase of three cents an hour, dating from February 10th. Fewer men and switch tenders in terminals will receive an increase of five per cent.

The railroad that agreed to stand by the result are Chicago and Eastern Illinois, Chicago Switching District, Chicago Great Western Railroad (no fire system except Twin Cities), Chicago, Rock Island and Pacific (no fire system except inner grove), Terminal Transfer (entire system), Lake Shore and Michigan Southern (where the Switchmen's Union of America members are in the majority), Michigan Central Railroad (west of Detroit River), Pere Marquette (entire system), Wisconsin Central (Chicago switching district).

## MINERAL RESOURCES OF THE TOWN OF BAWLF

Twelve Feet Best of Semi-Bituminous Coal Discovered in Strata of Natural Gas and Coal Oil Have Been Found in Vicinity of Town.

Bawlf, March 22.—A. P. Con, the mining engineer, and his gang of workers who have been prospecting here for the last two weeks, have been well rewarded by finding one of the best seams of coal in Alberta. The seam is over 12 feet and the coal is semi-bituminous and is equal to Lethbridge coal.

Arrangements are now being made for the organization of a company capitalized at \$500,000, to commence mining operations at once. The coal is of the same quality as the coal of the West-Canadian-Saskatoon branch of the C.P.R.

Underlaid With Coal.

The town and district is also underlaid with immense deposits of coal and a ten foot seam was struck in sinking a well, a quarter of a mile from the centre of the town. The coal was found entirely in the town is produced from a mine 15 miles south of the Battle river, which sells for \$2 per ton at the pit and is sold in bulk in town for from \$4 to \$5 per ton, according to the season. Hauling coal is a considerable source of revenue to the farmers in the vicinity of the mine, especially in the early months of the winter months.

Natural Gas Also.

In addition to the rich agricultural country surrounding it, Bawlf has very rich resources in the natural gas that underlies the town. At the heavy farm of Olson Brothers there is well 210 feet deep, from which projects a pipe three inches in diameter and from which they get water for their horses. A match lit and held to the three-inch pipe made it immediately blaze up over three feet high, and continued burning until turned off. Had it been reduced to a half-inch pipe it would have flamed ten feet high. There is enough gas coming from that one well 210 feet deep to light half the town. It does not appear to affect the water either, for domestic or other purposes.

That this is not mere talk is evident because the flow of gas has been continuous for nearly three years, and there is scarcely a well in town from which gas in quantities does not come.

Strikes in Wells.

In boring a well at the Bawlf general hospital, a strong flow of gas was struck at a depth of 200 feet. O. B. Olson was boring a well two feet in diameter, and at a depth of 50 feet he dropped a lighted match down it. To his astonishment he found it was not lit. He then took a match and held it to the top of the well, and the match was so badly burned on the fact and hand that he had to be taken to the hospital for treatment.

The presence of natural gas at Bawlf is amply proven, and in addition there are also strong indications of the existence of coal oil.

At the residence of K. O. Eggen, secretary-treasurer of the Bawlf municipality, there is a well 200 feet deep, the water of which shows unmistakable signs of coal oil. At the invitation of the board of trade, Mr. Eugene Castle, a C.P.E. engineer from Toronto, came to Bawlf to investigate into the matter. After doing so he informed the board of trade that while the undoubted presence of natural gas was not much to boast of, the C.P.E. the discovery of petroleum, of which there were strong indications, was altogether a different matter. Before leaving he requested that samples of the clay from every three feet out of the well that was being bored for fire protection purposes, be sent to him for examination.

P. H. Thompson, the general hardware merchant, has sold his hardware business to Mr. Kirkpatrick, of Lethbridge, who will take charge of the business after the first of April.

Spring work is now being rushed by the farmers and the C.P.E. are out over the prospect for a bumper crop this year.

A good many acres of fall wheat was put in last fall in this locality, and it is coming out fine. It has been well covered with snow all winter.

REDUCTION IN GRAIN RATES

Grand Trunk Meats American Competition, but no Grain is Offered.

Montreal, Mar. 22.—The Grand Trunk has announced a reduction of the grain rate from Georgian Bay point to Montreal in four cents to meet the American rate of four cents from Buffalo to New York or Boston. They further announce that they will meet any lowering the American railroads may make. The peculiar feature of the situation is that owing to the high prices prevailing in the West not a barrel of grain is being for shipment.

## FRENCH REPUBLIC TO PENSION ALL WORKMEN

Paris Senate Passes Bill Which Marking Twenty Years Struggle, to Give Old Age Pension Scheme to All Frenchmen, and to Elect Chamber of Deputies to Accept.

Paris, Mar. 22.—The Senate tonight by a vote of 202 to 100 passed the workmen's pension bill. This marks the end of a legislative struggle extending over four years, and of a political agitation in France reaching back to 1890.

The bill as it finally passed the Senate embodies the final recommendations of the government and a number of amendments in many respects from the bill as originally introduced. The general belief is that the chamber will now accept it and further amendments will be made by the deputies may go to their constituents in the coming election.

The plan involves contribution from three sources for the creation of the pension fund.

Plan of Pension.

First, obligatory yearly contributions from firms for men, six francs for men and four and a half for women.

Second, the contribution of the employer, which equals that of the worker, and third, the contribution of the state.

Even the experts differ regarding the states payment but the generally accepted figure is \$80,000,000 francs (3,000,000) for the first year, which will be reduced to \$40,000,000 francs (1,500,000) in subsequent years normally, when it will be about \$20,000,000 francs.

The beneficiaries are to draw their pensions at the age of sixty-five or after thirty years of service with certain limitations. The full pension at the lowest limit of contribution will be 44 francs a year out for farm laborers, whose contributions and pensions are slightly lower.

Benefit of the Law.

The benefit of the law, which has been modified to include in its scheme the law of the old age relief will be enjoyed by about seventeen million men, women and children, who already enjoy pensions. As all state employees, are retired on pensions at a specified age, this law therefore practically extends the old age pension to almost all the laborers of France.

LOBBYISTS ORDERED OFF

Ohio Governor Bids Them Begone From State House.

Columbus, Ohio, March 22.—Governor Harmon ordered the lobbyists from the Ohio Legislature and the State House in a message to both Houses of the General Assembly. He says in New York and Missouri, he has there been successful efforts to influence against them. If any lobbyists that they be removed from the State, and that when they transpire in the future, they be removed.

Governor Harmon points out that other States have successfully dealt with the subject of lobbyists.

The inspiration of Governor Harmon's message was the story printed yesterday that lobbyists had offered Judge Warner, Democratic floor leader from Ohio county, "anything he wanted" for his vote in favor of the "Ohio telephone merger bill."

The Governor in his message in view attention to the public and private interests related about the influence of a corrupt lobby on the twenty-eighth central assembly. He says that some stories have been spread about the subject of lobbyists.

Had the law that prevents law-makers from voting on bills as a specified age, this law therefore practically extends the old age pension to almost all the laborers of France.

Bay Ground Under Car.

Montreal, March 22.—Fourteen-year-old boy, Napoleon Leroux, met death under the wheels of a street car at the corner of Murray and Notre Dame streets west, at 2:30 this afternoon. The boy was crossing the street, not noticing the rapidly approaching car. The motorist, upon seeing the boy and seeing the brakes, but too late. The boy was thrown under the wheels of the car and was killed.

Reservoir in Upper Egypt.

Late, Egypt says, Mar. 22.—Colonel Roosevelt, and his family arrived here today from Assuan. They will reach Cairo Thursday.

St. Lawrence Breaking Up.

Montreal, March 22.—Under the spring rains the St. Lawrence river is running with a few days of warm weather it is expected that it will break up.

## TO INSPECT Q.T.P. TERMINALS

Trip to Coast to be Made by E. J. Chamberlain.

Winning, March 22.—E. J. Chamberlain, general manager of the Grand Trunk Pacific, will go to Prince Rupert, north west coast, to inspect the progress of the work there. It is expected that while there he will decide on the location of the steam engine shop and repair shops.

Track laying was started last week on the completed grade around the island and the big locomotive that has been standing idle there for the last two months has now several miles of track to run on. The track laying is being done by hand-laid a track laying machine arrive from the southern section.

The work is being pushed through to finish the bridge by the end of the month. The bridge has also been completed and it is expected that the first hundred miles of track will be laid during the summer months.

General message Chamberlain will spend about a month in the West on the inspection and will visit all parts of the system.

## TYPHOID FEVER IN TORONTO

Hospitals All Overloaded and Have to Refuse Patients.

Toronto, Mar. 22.—The typhoid situation is proving serious. All Toronto hospitals are crowded and have had to refuse patients during the past week. Last night a man was taken to Grace Hospital with a broken leg, and had not a patient been discharged a few minutes before he could not have been taken in. The situation is indicated in the following figures: St. Michael's hospital, 120 patients; St. Michael's hospital, 200 patients; St. Michael's hospital, 200 patients; St. Michael's hospital, 200 patients.

Question of Stocking Coal.

Lethbridge, Alta., Mar. 22.—W. P. Peters, of Winnipeg, assistant to the O. P. E. vice-president, General Sir Southern Alberta and the City of Calgary, and other O. P. E. officials are in the city consulting with the coal operators of Southern Alberta and the City of Calgary regarding methods to be taken to get the coal operators to practice lay in a stock of coal, and matters in connection with transportation.

Sarnia Salt Plant Changes Hands.

Sarnia, Ont., Mar. 22.—A transaction involving nearly \$100,000 was completed when the salt plant of the Empire Salt company passed into the hands of the Cleveland Sarnia Salt company.

## AN IDENTIFICATION BUREAU.

Is Established in Connection With Dominion Police.

Ottawa, March 22.—An identification bureau for criminals will shortly be established by Dominion government in connection with the Dominion police branch of the department of justice. This move has been under consideration for some years by the justice department but has only recently come to the head in view of the dissatisfaction that is said to have arisen under the old system of photographic records.

It is expected that provision for the establishment of a new branch will be made in the supplementary estimates of the department of justice, which will be presented to the House of Commons in the course of a few days.

The finger-print system will be used by the department of justice in all parts of the Dominion.

SPRING SKIN TROUBLES.

Pimples, Eruptions and "Beady Complexions."

At this season, cases of people—girls and young women especially—find their faces disfigured by pimples, dark spots, eruptions, etc. The skin needs attention and needs revivifying after the trying times it has passed through during the winter.

Just think what it has gone through! You have been in rain and sleet and snow. You have been at one moment perspiring from skating, or some other exertion. Then you have stood to "wood off" in the morning. The changes, the skin of the face and neck have gone through a temperature equal to that of a stove during the winter.

Don't forget that the skin has to do work just as any other organ of the body, and if you overwork it, it gives out. Zani-Bisk is the remedy. It is light on the skin, the eruptions, the pimples, at night, and notice how quickly your appearance improves. As the rich, refined, herbal essence sink deep into the tissue, the hard, scurfy skin of the face and neck is removed. The result is the skin becomes transparent. The blood beneath is able to impart its proper coloring to the tissue, and the delicate bloom of health replaces the sallowness and pallor of disease.

Zani-Bisk is also of great use in skin injuries and diseases. Eczema, ulcers, chaps, chingrines, acne, yield to its use. For cuts, burns, bruises, children's rashes, etc., it is unequalled, and it is a sure cure for psoriasis. All druggists and stores sell Zani-Bisk. Zani-Bisk Co., Toronto, for price. Refuse harmful substitutes and imitations.

"The Truth is Good Enough"

## DAILY STORE NEWS

W. JOHNSTONE WALKER & CO.

### Some of the Very Choice Shoes for Women are now Specially Displayed. Many are Complete Novelties

3001—SUEDE BUTTON SHOES in the new Dorothy Dadds are well worth your notice if you are extra particular about your footwear. They are in black, brown and smoke shades, and something quite new. They have a high top, part button, flexible welt sole and plain toe. Sizes 1 to 7. PER PAIR \$8.00

3020—SWISS KID is another quite new thing in dainty, dressy shoes. Made on a high-cut button last, with flexible welt sole, plain toe and "large patent" buttons. The material is the very finest imported dull Swiss kid. Sizes 1 to 7. PER PAIR \$7.00

3430—VELVET TOP PATENTS—Again a new departure and one that will "catch on" directly it is seen. The vamp is very short, the shoe of best patent kid with jet black velvet top. Whilst it is most comfortable and gives easily with the foot, it is most stylish in appearance. Sizes 2 to 7. PER PAIR \$5.50

2151—PATENT PUMPS may be seen here either with or without the ankle strap; with welled or tarsi soles; Cuban heels. Those we are now showing are the newest of spring goods and should be seen. Sizes 1 to 7. PER PAIR \$1.00, \$1.00, \$5.00, \$5.00

2116—NEW COFFEE BROWN—If you have not seen this you should see it at the first opportunity. They are a 4-lution Oxford in a very dainty Spanish calf, with flexible welt sole. A most stylish Oxford. Sizes 2 to 7. PER PAIR \$5.00

These are always a great saving in the annual shoe bill, for they enable the shoes to keep their shape and comfort so much longer. We have them for all sizes and recommend everyone to keep them at all times.

This Store Will be Open Tonight Until 10 p.m. Closed all day Friday

## BEED TIME.

Spring has opened early and with  
it comes the usual debate as to whether  
seedling should be sown now or  
later. It may be safely left to  
the man on the ground to settle this  
question for himself. He has in most  
cases tried both plans, and knows he  
anybody's telling which way  
turned out best on the particular par-  
ticular case he is farming.

The value of an early spring is not  
so much that it allows the farmer to  
get his seedling earlier, as that it gives  
him a longer time in which to do his  
spring work. Given the same amount  
of weather during the summer and  
autumn it does not usually make very  
much difference in the results whether  
a field is sown early in April or  
late in May. But it makes a very de-  
cided difference to the farmer whether  
he can do some of his spring work  
in the early part of April or in the  
latter part of March, or whether he  
is forced to do it all in late April  
and May.

Most of the cultivating in this coun-  
try is done in spring. Whether it will  
be much different is a question, for  
some of our oldest farmers doubt the  
wisdom of fall ploughing here.  
However this be, the period from har-  
vest to winter is a short and busy one  
and between threshing and marketing  
time of crop the farmer finds little  
time to spend preparing soil for the  
next season's crop. Except where fall  
work is given there is not much of  
all the cultivation as well as all the  
seedling must be done in spring.

And in spring farm laborers are  
prevalently scarce. It is estimated that  
12,000 of them are needed now in the  
prairie provinces. But the 12,000  
are not here. The laborers in the  
country have been busy with the  
railway camps by the thousand, while  
hundreds more are working during the  
summer at the rough work in connec-  
tion with building railways in the  
towns and on public improvements of  
various kinds. And this is about the  
normal condition of things in the  
spring months.

Relieving the situation to the view-  
point of the individual farmer this  
means that in a very literal sense he  
must earn his bread the hard way.  
His brow. If he is not in fairly good  
circumstances he cannot hire help in  
competition with the offerings of other  
employment. And however well off  
he cannot get all the help he needs at  
a profitable rate for wages. Rich or  
poor, therefore, he must depend largely  
on his own strength, on himself  
and "the boys" in preparing the ground  
and getting in the seed.

To a man so situated it makes a  
vast difference whether he has four  
weeks, or eight or ten or twelve, in  
which to get through the work. A  
short spring means for him the hard-  
est kind of hard work, working with  
down and sometimes continuing for  
into the night. Under these harsh  
conditions something must be done  
to be left undisturbed which should be  
done and the results of the hurry ap-  
pear when the threshing is over. Some-  
times over a part of the farm has to  
be left in silence because the labor  
supply available is not sufficient to  
get it under crop in the limited time.  
More frequently a field which has  
been intended for grain crop is sown  
for greenfeed.

An early spring allows this work  
to be distributed over a longer period  
of time, to be gone about more delib-  
erately and done more thoroughly and  
with less harassing and less hard  
work. It helps in the matters of com-  
fort and results it is all to the farm-  
er's advantage. He is able, without  
breaking himself down, to carry out  
all season's plans, to see how he  
thinks to sow and when he thinks it  
should be sown and to put his cul-  
tivated land under crop.

Given normally favorable weather  
during the growing and ripening sea-  
sons, the crop returns this fall should

show the advantage of the early  
spring. From the present appearance  
of things the farmer will have a fa-  
vorable opportunity for putting in the  
crops as could be desired. Work has  
been begun in all parts of the Province  
under conditions which locally, at  
least, could not be bettered. The  
heavy snowfall early in the month  
has been a blessing in disguise, while  
the succeeding warm, sunny  
weather, has made the land dry and  
easy to work to advantage. The pros-  
pect is that the farmer though handi-  
capped by want of help, will be able  
to prepare his land with more than  
usual care and under his usual out-  
rived average under crop.

## GOING AFTER THE LEVEL CROSSING.

The Railway Commission has de-  
veloped a distinctive and altogether  
creditable and wholesome disposition  
to "mix things up" with the railway  
companies when the safety or the in-  
terests of the public seem to demand  
it.

An order was recently issued by  
the Board which reads: "No train shall  
pass over any highway crossing at  
rail level at a greater speed than  
ten miles an hour, if at such crossing  
an accident has happened or occurred  
to the first day of January, 1900, by  
moving train causing bodily injury or  
death to a person using such crossing  
in a lawful manner." The railway  
companies do not like this. They  
claim that they have the right of the  
business. If it were altered it would  
be a violation of the contract between  
the railway manager and the public.  
The railway manager has an un-  
shakable notion that the company  
owns the crossing and only permits  
the public to use it when they are  
passing over it purely of free will  
and grace. That in any event has  
been the way they have used the level  
crossing, and the intention to the  
practice seems to have struck them  
as something of the nature of an im-  
portant infringement on their private  
property.

A portion of what is known  
as the "travelling public" of the coun-  
try lack the protests of the company.  
The chief complaint arises from the  
companies running fast trains between  
Toronto and Montreal and from peo-  
ple who travel on these trains fre-  
quently. It would be, of course, un-  
just to put any unnecessary obstacle  
in the way of a man who wanted to  
get away from such places, or of any  
company or agency doing so well as  
the railway in the good service. But  
this is a case in which it is necessary  
to put up obstacles. It is a case of  
the public interest standing squarely  
in line against public safety. The in-  
terests of the company is to run trains  
as fast as possible. The interest of  
the "travelling public" is to lose as  
little time in travel as possible. And  
both of them for the sake of their  
private interests are quite prepared  
to continue to run fast trains be-  
tween the level crossings. Fortunately  
the Railway Commission has absolute  
jurisdiction in the matter and is not  
in the habit of taking back an order.  
The upshot will be that the railway  
companies will begin to put in over-  
head or subway crossings at danger  
points along their lines in the towns  
and villages and thickly settled parts  
of the country. This course would  
eliminate local council signs away  
from the Board's power by making  
payments which allow high speed over  
the level crossings. Whether the Board  
will do this is another question, but  
if that kind may be a doubtful point.

## NIGHT TRAINS.

The C. P. R. proposes to put on night  
trains from Edmonton to Calgary.  
At the beginning these will run each  
way three times a week as an experi-  
ment. If it is found that the experi-  
ment is successful, the service will be  
made regular and also made daily.  
There has been considerable dis-  
cussion about night trains in the past,  
through traffic between the two cities.  
Three days practically are now lost by  
the residents of either city who wish  
to spend a night in the other. The  
service will enable him to make the  
trip with the loss of only one day.  
The business connections with the  
connections with the main line try to  
passengers from or to Edmonton  
and points along the C. & E. The  
city rather than the former, was  
probably the consideration which led  
the company to start the service.  
The C. P. R. has to compete for Ed-  
monton business. It will in the  
future compete still more when the G. T.  
P. through service is started.

Englishman Charged With Bigamy.  
Hamilton, Ont., Mar. 23.—Provi-  
dence W. G. Miller this evening ar-  
rested on charges of bigamy. He was  
charged that in August 1908 he mar-  
ried Martha Linder, a widow of John  
Linder, and that last November he mar-  
ried a woman named Mary.

No. 2 has been living in Montreal.  
He had arranged to meet Nels this  
evening. When he was placed under  
arrest, he was placed in police No. 2's  
wives.

## CANADA STANDS PAT.

We've talked this question through and  
found that there is no objection to  
letting the farmer have as fa-  
vorable opportunity for putting in the  
crops as could be desired. Work has  
been begun in all parts of the Province  
under conditions which locally, at  
least, could not be bettered. The  
heavy snowfall early in the month  
has been a blessing in disguise, while  
the succeeding warm, sunny  
weather, has made the land dry and  
easy to work to advantage. The pros-  
pect is that the farmer though handi-  
capped by want of help, will be able  
to prepare his land with more than  
usual care and under his usual out-  
rived average under crop.

The case is simple. We have made  
a special deal for mutual trade  
with France, your right is not in-  
fringed. To make a deal like that:  
For the London crowd, we have paid.  
So Canada stands pat.

You want these favors, too, you say.  
But "Hans a nickel you will pay!"  
You just that there's another way  
to try out fiscal fact.

The maximum, the card you'll play.  
Well, Canada stands pat.

Dear Sam, you're our own flesh and  
blood.  
And much we prize good neighborliness.  
To aid that brother in should  
love to be tariff set.

But will you have doubt,  
And we will still stand pat.

—J. W. Bengough.

## IT WARNS THE ENGINEER.

Safety Device Being Tested on British

London, Mar. 23.—At a Midland  
railway siding out in Kettering this  
week an ingenious mechanism  
is being tested by the railway  
engineers. It is not only the engine  
itself, but the signal which is the  
signal is at "danger" or "clear."  
The mechanism is a large machine  
in the siding showing how each  
signal is set during a train.

The inspector first ordered a signal  
to be set at danger. Then leaving  
the engine in the siding, he ordered  
the engineer to approach the signal  
at a fast pace. At a point a short  
distance away from the signal for a train  
to have been pulled up without  
warning. A small wheel projecting  
from a lever below the engine caught  
the signal before he reaches it whether  
a signal is at "danger" or "clear."  
The signal is a large machine  
in the siding showing how each  
signal is set during a train.

## IRISHMAN NOW 'OCEAN KING'.

Lord Pirrie Acquires Control of 248

Dublin, Mar. 23.—Ireland can now  
claim to have the greatest shipping  
baron of the world. If any man has  
earned the coveted title of "Ocean  
King" it is Lord Pirrie. He has pur-  
chased the numerous undertakings  
of the late Sir Alfred Jones, who  
was the largest shipowner in the world.  
By this purchase Lord Pirrie be-  
comes by long odds the greatest  
captain of the shipping industry.  
He is not only the largest shipowner  
in the world, but he has shown that  
he is the largest to operate on a  
world-wide basis. At present the great  
franchise of Harland & Wolff, which  
is the largest in the world, is the  
largest in the world.

Lord Pirrie's interest in ocean  
steamship companies is enormous, but  
when he takes control of the two  
undertakings, which Sir Alfred  
Jones was chiefly concerned, namely,  
the White Star Line and the Cunard  
Line, and Elders & Phipps, he will ac-  
quire a great measure of control over  
the combined fleet of 248 ocean steam-  
ships owned by companies possessing  
a total capital of about \$100,000,000.

## "FAKIR" SAYS GOV. BROWN.

Peary Does Not Seem Popular in the  
South.

New York, Mar. 23.—Commander  
E. Peary has cut short his tour  
of lecture in the south. The refusal  
of Governor Brown of Georgia to in-  
vite him to an Atlanta lecture last  
night, his reference to the Comman-  
der as a "Fakir" and the small crowd  
that attended the lecture brought forth  
an announcement that he would  
not visit the state. New York, under  
whose auspices Peary is lecturing,  
has announced that he plans have been  
changed.

SHERIFF'S SALE

Province of Alberta, to wit:  
By virtue of a writ of Execution  
issued out of the District Court of the  
D. of E. at the suit of Christina Earle,  
plaintiff, against A. Leitch, defendant,  
and in default of the said defendant,  
to and directed against the lands of  
Christina Earle, I have seized and taken  
into Execution the following lands,  
namely: Lots 1 and 2 in Block 2 and  
Lots 16 and 17 in Block 3 all in Silver  
Hillside Suburb of Strathcona, Plan  
No. 10,000, 10,000, 10,000, 10,000,  
Wednesday, the 23rd day of March at  
The Sheriff's Office, Edmonton, at the  
hour of 2:30 p.m.

W. S. ROBERTSON,  
Sheriff of Alberta.

Notice.  
On and after the 24th day of March  
of the date of this notice, viz. on the  
1st day of April, 1910, the available  
quarries in the following Township will  
be open to the following applicant:  
Twp. 9, R. 10, S. 10, N. 10, W. 10, M. 10.

Public notice is hereby given that  
the Lieutenant-Governor in Council has  
appointed as a member of the  
Public Inquiry for the purpose of ascertaining  
whether any and if any, which officer  
or members of the Legislature of the  
Province of Alberta have been  
indirectly by themselves or  
through others in the execution  
of the Alberta and Great Water-  
ways Company or in the making of  
or entering into or carrying out a certain  
contract between the Government  
and the Province and the said Water-  
ways Company or the guaranteeing by the  
Province of the execution of the said com-  
pany or the sale thereof or in the pro-  
ceeds of or the amount realized from  
the disposition or sale of the said acqui-  
sition or otherwise having been in connection  
with the said company.

The said inquiry will be opened by me  
on Tuesday, the 29th day of March, 1910,  
at 10 a.m. in the Legislative Assembly  
Building in the City of Edmonton at  
which time and place all persons inter-  
ested in the matter may appear and  
present evidence or make statements  
personally or by letter addressed to him  
at the Alberta Hotel, Edmonton, or  
may send or cause to be sent by mail  
to me in Edmonton this 23rd day of  
March, 1910.

D. L. SCOTT,  
BURRAGE HARVEY,  
N. D. BECK.

Public notice is hereby given that  
the Lieutenant-Governor in Council has  
appointed as a member of the  
Public Inquiry for the purpose of ascertaining  
whether any and if any, which officer  
or members of the Legislature of the  
Province of Alberta have been  
indirectly by themselves or  
through others in the execution  
of the Alberta and Great Water-  
ways Company or in the making of  
or entering into or carrying out a certain  
contract between the Government  
and the Province and the said Water-  
ways Company or the guaranteeing by the  
Province of the execution of the said com-  
pany or the sale thereof or in the pro-  
ceeds of or the amount realized from  
the disposition or sale of the said acqui-  
sition or otherwise having been in connection  
with the said company.

The said inquiry will be opened by me  
on Tuesday, the 29th day of March, 1910,  
at 10 a.m. in the Legislative Assembly  
Building in the City of Edmonton at  
which time and place all persons inter-  
ested in the matter may appear and  
present evidence or make statements  
personally or by letter addressed to him  
at the Alberta Hotel, Edmonton, or  
may send or cause to be sent by mail  
to me in Edmonton this 23rd day of  
March, 1910.

## Over 500 Charming Trimmed Hats for Women and Misses in all Different Designs

Visit our Second Floor Trimmed Millinery Department; the most surprising gathering of exclusive millinery creations awaits your inspection. No description, no matter how eloquent, can do justice to this remarkable showing of styles. All the newest shapes; all the depths of colorings; every color.

Misses ready-to-wear hats, white, with Persian drapes, extra good value. **2.95**

Ladies' Tricorn Hats, velvet band, a nobly shirt-waist hat, one of a color. **4.95**

## More Interesting Than Ever

These weekly sales, which have come to be widely recognized as the VALUE-GIVING EVENTS of Edmonton, are the only occasions that offer standard qualities of seasonable and desirable merchandise at bargain prices—prices substantially lower than similar merchandise is sold for in other stores. The climax of value-giving is reached when our SATURDAY SALE is coupled with SPECIAL EASTER OFFERINGS.

## Easter Offering. Half Price Ribbons 35c for 17½c

A very special Sale of Ribbons in Millinery Department, second floor. Ribbons 5-12 inches wide, all Silk Taffeta, in Navy, Green, Brown, Alice and Rose. While they last. 17 1-2c

This lot of ribbons was purchased at a cut price from an eastern wholesale firm who was overstocked in this line, consequently we are able to give you the benefit as above.

## GROCERIES

here. This store offers the choicest the markets afford at prices the lowest in the city. Every housewife should buy

## WITH THE FARMERS

**WEDNESDAY'S GRAIN MARKETS.**  
Winnipeg, March 23.—The wheat market opened strong, with a fair demand from terminal houses and shippers and there was a determined fight to get May up to 100¢. The market closed at 100¢, or 1/2¢ lower. Offerings were moderate and the market closed about 184 last night.

Chicago, May, after opening strong, declined to 111¢, broke to 111 1/2¢, which while 1/2¢ to 1/4¢ higher than Tuesday, was 1/2¢ to 1/4¢ down from the high point of the morning. Minneapolis May closed 1/2¢ to 1/4¢ down from the previous day.

Winnipeg cash prices: No. 1 Northern, 100¢; No. 2 Northern, 100¢; No. 3 Northern, 100¢; No. 4 Northern, 100¢; No. 5 Northern, 100¢; No. 6 Northern, 100¢; No. 7 Northern, 100¢; No. 8 Northern, 100¢; No. 9 Northern, 100¢; No. 10 Northern, 100¢; No. 11 Northern, 100¢; No. 12 Northern, 100¢; No. 13 Northern, 100¢; No. 14 Northern, 100¢; No. 15 Northern, 100¢; No. 16 Northern, 100¢; No. 17 Northern, 100¢; No. 18 Northern, 100¢; No. 19 Northern, 100¢; No. 20 Northern, 100¢; No. 21 Northern, 100¢; No. 22 Northern, 100¢; No. 23 Northern, 100¢; No. 24 Northern, 100¢; No. 25 Northern, 100¢; No. 26 Northern, 100¢; No. 27 Northern, 100¢; No. 28 Northern, 100¢; No. 29 Northern, 100¢; No. 30 Northern, 100¢; No. 31 Northern, 100¢; No. 32 Northern, 100¢; No. 33 Northern, 100¢; No. 34 Northern, 100¢; No. 35 Northern, 100¢; No. 36 Northern, 100¢; No. 37 Northern, 100¢; No. 38 Northern, 100¢; No. 39 Northern, 100¢; No. 40 Northern, 100¢; No. 41 Northern, 100¢; No. 42 Northern, 100¢; No. 43 Northern, 100¢; No. 44 Northern, 100¢; No. 45 Northern, 100¢; No. 46 Northern, 100¢; No. 47 Northern, 100¢; No. 48 Northern, 100¢; No. 49 Northern, 100¢; No. 50 Northern, 100¢; No. 51 Northern, 100¢; No. 52 Northern, 100¢; No. 53 Northern, 100¢; No. 54 Northern, 100¢; No. 55 Northern, 100¢; No. 56 Northern, 100¢; No. 57 Northern, 100¢; No. 58 Northern, 100¢; No. 59 Northern, 100¢; No. 60 Northern, 100¢; No. 61 Northern, 100¢; No. 62 Northern, 100¢; No. 63 Northern, 100¢; No. 64 Northern, 100¢; No. 65 Northern, 100¢; No. 66 Northern, 100¢; No. 67 Northern, 100¢; No. 68 Northern, 100¢; No. 69 Northern, 100¢; No. 70 Northern, 100¢; No. 71 Northern, 100¢; No. 72 Northern, 100¢; No. 73 Northern, 100¢; No. 74 Northern, 100¢; No. 75 Northern, 100¢; No. 76 Northern, 100¢; No. 77 Northern, 100¢; No. 78 Northern, 100¢; No. 79 Northern, 100¢; No. 80 Northern, 100¢; No. 81 Northern, 100¢; No. 82 Northern, 100¢; No. 83 Northern, 100¢; No. 84 Northern, 100¢; No. 85 Northern, 100¢; No. 86 Northern, 100¢; No. 87 Northern, 100¢; No. 88 Northern, 100¢; No. 89 Northern, 100¢; No. 90 Northern, 100¢; No. 91 Northern, 100¢; No. 92 Northern, 100¢; No. 93 Northern, 100¢; No. 94 Northern, 100¢; No. 95 Northern, 100¢; No. 96 Northern, 100¢; No. 97 Northern, 100¢; No. 98 Northern, 100¢; No. 99 Northern, 100¢; No. 100 Northern, 100¢.

## CHICAGO LIVE STOCK.

Chicago, Ill., March 23.—A light market for live stock, with the market for hogs and calves 10 cents. This was the early market, but it did not last, as shipping demand was weak and easily satisfied.

**MONTREAL LIVE STOCK.**  
Montreal, Que., March 23.—About 400 head of butchers' cattle, 100 calves and sheep and lambs and 100 hogs were offered at Montreal stock market today. Trade was fair, with firm prices all round, excepting that of hogs and calves. There were no extra cattle on the market, but some were sold this week at about average prices per pound. Prime beefs, 10¢ to 11¢ per pound; good beefs, 9¢ to 10¢ per pound; milk cows, 8¢ to 9¢ per pound; sheep, 5¢ to 6¢ per pound; lambs, 6¢ to 7¢ per pound; spring lambs, 7¢ to 8¢ per pound; calves, 4¢ to 5¢ per pound; hogs, 10¢ to 11¢ per pound. Good lot of fat hogs, 10¢ to 11¢ per pound.

## TODAY'S GRAIN MARKETS.

Winnipeg, March 24.—American markets show strong today on continued dry weather in Kansas and with strength in Liverpool our market held firm, although cash values are practically unchanged from yesterday. Market will all be closed tomorrow and with no prospect of rain in the south, shorts were quite nervous and covered freely. Liverpool closed 1/4¢ to 1/2¢ higher, Chicago 1/4¢ to 1/2¢ higher, Minneapolis 1/4¢ to 1/2¢ higher, Winnipeg unchanged to 1/2¢ higher.

Winnipeg closing prices are: Futures—March 1910, May 1910, July 1910, September 1910, December 1910, March 1911, May 1911, July 1911, September 1911, December 1911, March 1912, May 1912, July 1912, AROUND THE CITY

LOCAL

The Maple Leaf Rebecca degree staff will participate tomorrow.

Mrs. Haskin will give a lecture tomorrow (Good Friday), but will arrive on the last Friday in April.

The students of the Arthur and Minton Band of Westminster church are giving a concert in the city this evening.

The Ladies Aid of Wesley Methodist church will hold a "pic social" on Thursday evening next in the church.

A. E. Hawkins, D.L.S., will leave tomorrow with a party of students to Pease Lake to survey the lake lines in that country.

A meeting of Gaelic speaking residents of Edmonton will be held in the Mission at 11 o'clock this morning for the purpose of organizing for the Gaelic cause.

The post office clerk had another of his intermittent stops last night, but was started again this morning and is now on regular work once more.

The illustrated lecture on the British Boer war will be given tonight in the Mission at 11 o'clock by Rev. H. J. Munton. Mr. Munton was for a number of years chaplain of the British Boer war.

The proceeds of the sale of goods donated to the church and parsonage school, a great success.

The ladies held at Grace Methodist church Tuesday afternoon was attended by the proceeds of the sale of goods donated to the church and parsonage school.

The boys' brigade cadets will parade on Monday next at All Saints' school at two o'clock, all boys being invited to the company are requested to attend.

The Winnipeg Salvation Army Band left last night by the C.P.R. en route to the city, where they will visit Brandon, Regina, Moose, and Winnipeg.

A business meeting of the Edmonton Commercial Association in Houston's hall last night the business left over from a general meeting of the association.

The monthly dinner given by the Calcuttians Society will be held this evening in the separate hall of the Calcuttians. The dinner will be open later than usual this evening.

The annual Young Men's Club held their mock parliament last night in the lecture room of McQuibban church. This meeting was a most profitable evening.

Three bulls were introduced and gave room for strong protests, which was carried on most intelligently. All the colloquies, as well as the leaders, by their eloquent speeches and ability to debate, manifested those good qualities which make a member of parliament should have.

WHO WILL PAY PIPER?

Edmonton's net assessment last year was twenty-three and a half millions.

When assessment Commissioner McMillan finishes his work before April 20, the net assessment will be in excess of twenty-five millions.

The net assessment for the year ended last year was over twenty-five and a half millions.
